

Membership form

Almost all students Electrical Engineering become a member of Study Association E.T.S.V. Scintilla. The yearly fee for this membership is € 10,00 a year (or € 5,00 a year if you are already a member of another study association). Scintilla provides many benefits to students of Electrical Engineering, such as company orientation, study support and much more.

For a small fee you can join company visits and other activities, subscription and payment for these activities is strictly voluntary.

To become a member, we need the following information. This information will not be provided to others.
